AN ONGOING SERIES

Whoa. What's *he* doing here? In this month's interview, we ask Ron Reagan where his father might stand in today's political landscape. SPOILER ALERT: We don't love all his answers, but that's okay. We're a big tent and unafraid of healthy debate. (A big part of being brave, right?)

MOST IMPRESSIVE

AN ONGOING SERIES

This country is filled with awesomeness. Every week, we find a person, place, or organization deserving of recognition. In this week's podcast, we talk to Abigail Spanberger about her impressive win, in Virginia, and her time at the CIA.

GLOSSARY OF TERMS

AN EXPLANATION OF OUR PLATFORM

- Wealth.** A dictionary will typically define the term as an **abundance of valuable possessions** and a **plentiful supply of a resource or desirable thing**. Hey, that's us! **The United States of America**. Let's count everything. What's the value of clean water to a neighborhood? Infrastructure A living wage? Not a single piece of our platform is antithetical to independent wealth. In fact, they enhance it. Don't believe us? Ask Eisenhower. A Democratic future is not one of shared-sacrifice, but shared-prosperity.
- Health.** Beyond being free from harm & illness, the health of this country is dependent on its population's physical and mental well-being and fitness. Worry about health insurance should never prevent a business from starting and succeeding. Ever. Again, we're rich. Let's make sure we're all well.
- Freedom.** With more wealth & health security comes more freedom. Freedom of choice is what you want. As long as it doesn't infringe on another's well-being, far be it from us to tell you what to do. Independence is more than a declaration. It's a commitment. We will reform any institution that impedes freedom. That's a promise.
